Consultation with all departments affected by this course is required.

**Course title** 

Course description Outcomes/Assessment Objectives/Evaluation

Rationale: Update United Association course

**Proposed Start Semester:** Fall 2020

Course Description: In this course, students will develop methods of teaching plumbing codes, including requirements, technical comparison, interpretation and practical applications, which can be taught at the student's local Training Center. Students will review the history and development of plumbing codes and research local jurisdictional requirements to prepare course delivery for journeyman exams. In addition, students will demonstrate virtual tools and instructional techniques for course instruction. The title of this course was previously Plumbing Codes. Limited to United Association Instructor Training program graduates.

#### **Course Credit Hours**

Variable hours: No

Credits: 1.5

The following Lecture Hour fields are not divisible by 15: Student Min ,Instructor Min

Lecture Hours: Instructor: 22.5 Student: 22.5

The following Lab fields are not divisible by 15: Student Min, Instructor Min

Lab: Instructor: 1.5 Student: 1.5 Clinical: Instructor: 0 Student: 0

**Total Contact Hours: Instructor: 24 Student: 24** 

Repeatable for Credit: NO Grading Methods: Letter Grades

Audit

Are lectures, labs, or clinicals offered as separate sections?: NO (same sections)

#### **Request Course Transfer**

**Proposed For:** 

### **Student Learning Outcomes**

1. Create a draft of a syllabus and lesson plan with resources pertaining to plumbing code and student's jurisdiction of plumbing regulations.

#### **Assessment 1**

Assessment Tool: Draft of a syllabus and lesson plan

Assessment Date: Fall 2020

Assessment Cycle: Every Three Years Course section(s)/other population: All Number students to be assessed: All

How the assessment will be scored: Instructor checklist

Standard of success to be used for this assessment: 80% of the students will score 80% or

higher.

Who will score and analyze the data: U.A. instructors

2. Prepare and present a lesson plan for a Plumbing Code Application course at the local training center.

#### **Assessment 1**

Assessment Tool: Presentation Assessment Date: Fall 2020

Assessment Cycle: Every Three Years Course section(s)/other population: All Number students to be assessed: All

How the assessment will be scored: Observational checklist

Standard of success to be used for this assessment: 80% of the students will score 80% or

higher.

Who will score and analyze the data: U.A. instructors

## **Course Objectives**

- 1. Identify the various plumbing and mechanical codes and the rationale for establishing plumbing codes.
- 2. Create a lesson to describe various plumbing codes, their purposes, and applications.
- 3. Demonstrate appropriate use of course materials when teaching a lesson.
- 4. Demonstrate methods of teaching how to use the Plumbing Code Application Manual and accompanying CD.
- 5. Outline the requirements of the Uniform Plumbing Code (UPC) and the International Plumbing Code (IPC).
- 6. Access online resources for codes using the Authority Having Jurisdiction (AHJ) websites.
- 7. Discuss conflict resolution skills for code and interpretation disagreement.
- 8. Discuss the online United Association Online Learning Resource (UAOLR) for other resources, classroom materials, and assessments.
- 9. Discuss available learning tools and Blackboard resources.
- 10. Create a Jeopardy game for plumbing codes, and discuss other creative tools used for instruction.
